# Chapter 1: Getting started with point-cloud-library

## Remarks

This section provides an overview of what point-cloud-library is, and why a developer might want to use it.

It should also mention any large subjects within point-cloud-library, and link out to the related topics. Since the Documentation for point-cloud-library is new, you may need to create initial versions of those related topics.

## Examples

### Installation or Setup

Detailed instructions on getting point-cloud-library set up or installed.

Read *Getting started with point-cloud-library* online: <https://riptutorial.com/point-cloud-library/topic/9308/getting-started-with-point-cloud-library>
