# Chapter 1: Getting started with raphael

## Remarks

This section provides an overview of what raphael is, and why a developer might want to use it.

It should also mention any large subjects within raphael, and link out to the related topics. Since the Documentation for raphael is new, you may need to create initial versions of those related topics.

## Examples

### Installation or Setup

Detailed instructions on getting raphael set up or installed.
