# Chapter 1: Getting started with wpf-controls

## Remarks

This section provides an overview of what wpf-controls is, and why a developer might want to use it.

It should also mention any large subjects within wpf-controls, and link out to the related topics. Since the Documentation for wpf-controls is new, you may need to create initial versions of those related topics.

## Examples

### Installation or Setup

Detailed instructions on getting wpf-controls set up or installed.
